

SMART CLASSROOM

CRESTRON & KEY CODE MEDIA BUNDLE

ALL-IN-ONE CLASSROOM PRESENTATION SYSTEMS

No Programming Required. Ditch the chalkboard and enhance your classrooms with cutting-edge Crestron technology, supported by Key Code Media. Crestron offers easy-to-use solutions that increase classroom uptime. Teachers or professors can begin a presentation with one touch of a touch screen or by simply plugging a single cable into their laptop. Time lost untangling cables or finding the right connector is a thing of the past when one cable controls everything! With state-of-the-art wireless presentation technology, students can show off their new project by streaming zero-latency uncompressed 4K/60 video from their phone or tablet straight to the classroom's display.

Key Code Media designs systems and performs installations across the U.S. Our experienced and knowledgeable team help you avoid costly mistakes when installing equipment for your classrooms and lecture halls. We evaluate your facilities and develop a plan to keep you ahead of current media technology trends. Let's get to work.
